

## Circle Game (Joni Mitchell)

G                    C                    G  
Yesterday a child came out to wonder  
G                    C                    D  
Caught a dragonfly inside a jar  
G                    C                    Bm  
Fearful when the sky was full of thunder  
C                    D                    G  
And tearful at the falling of a star

### *Chorus:*

G                    C                    G  
And the seasons they go round and round  
G                    C                    G  
And the painted ponies go up and down  
C                    G  
We're captive on the carousel of time  
C                    Bm                    C  
We can't return we can only look behind from where we came  
Bm                    C                    D                    G  
And go round and round and round in the circle game

G                    C                    G  
Then the child moved ten times round the seasons  
G                    C                    D  
Skated over ten clear frozen streams  
G                    C                    Bm  
Words like when you're older must appease him  
C                    D                    G  
And promises of someday make his dreams

### **REPEAT CHORUS**

*Chorus:*

G

**REPEAT CHORUS, TAG LAST LINE**
