

# Keep Your Heart Young Chords by Brandi Carlile

**D** **G** **D**  
My Grandpa gave me a wheat penny and I kept it in my pocket  
**D** **A**  
I had big plans in my back yard to build me a space rocket  
**D** **G** **D**  
I talked to my brother on a fake CB that I made from a tic-tac box  
**D** **A** **D**  
I packed my snowballs nice and tight but in the middle I put rocks

[Chorus]

**G** **D**  
Don't trade in your tic-tac box for a ball on the end of a chain  
**A**  
And don't go spending Grandpa's pennies buying into the game  
**G** **D**  
You gotta keep your heart young  
**A** **Bm**  
Don't go growing old before your time has come  
**G** **D**  
You can't take back what you have done  
**A** **D**  
You've gotta keep your heart young

**D** **G** **D**  
Dad took the wheels off of my bike and he pushed me down a hill  
**A**  
But speed got the best of me and I took my first spill  
**D** **G** **D**  
That was back when alcohol was only used on cuts  
**A** **D**  
It stung like hell so I jerked my leg and momma said it'd give me guts

REPEAT CHORUS

So take a picture of the one you love and put it in a locket

**G D**

Go dig up your time capsule and the blueprints for your rocket

**A**

Keep in touch on a fake CB, that same old tic-tac box

**D G D**

Pack your snowballs a little less tight but in the middle still put rocks

**A\***

**D**

[OUTRO]

And keep your heart young

**G D**

Don't go growing old before your time has come

**A Bm**

You can't take back what you have done

**G D**

You've gotta keep your heart young

**A D**

You gotta keep your heart young

**G D**

Sometimes you don't die quick

**A**

Just like you wished you'd done,

**Bm**

You know that love is a loaded gun

**G D**

You've gotta keep your heart young

**A D**

You can't take back what you have done, it's done

**G D Bm**

You've gotta keep your heart young

**A D**
