THEY CALL THE WIND MARIAH

```
    C       Am      C      Am      C       Am      C      Am
A way out here they got a name for rain and wind and fire
    C       Am      Em7                F       G7      C   Am C Am
The rain is Tess, the fire's Joe and they call the wind Mariah.
    C       Am      C      Am      C       Am      Em7
Mariah blows the stars around and sets the clouds to flyin'
 Am                  Em7                 F       G7      C Am C Am
Mariah makes the mountains sound like folks was out there dyin'
        Am.   Em7           F       G7      C     Am C Am
    Mariah, Mariah, they call the wind Mariah.

    C       Am    C      Am        C       Am       C      Am
    Before I knew Mariah's name and heard her wail and whinin'
  C         Am      Em7                    F         G7      C   Am  C Am
  I had a girl and she had me and the sun was always shinin'
        C       Am   C      Am   C        Am  Em7
    But then one day I left my gal I left her far behind me
        Am                  Em7             F   G7       C      Am  C
    And now I'm lost, so doggone lost not even God can find me.
        Am    Em7          F       G7      C     Am C Am
    Mariah, Mariah, they call the wind Mariah

    C         Am      C      Am       C        Am   C  Am
    A way out here they got a name for rain and fire only
      C         Am    Em7               F       G7        C Am C Am
But when you're lost and all alone, there ain't no word but lonely
        C    Am       C      Am      C       Am     Em7
Now I'm a lost and lonely man, without a star to guide me
    Am             Em7         F       G7    C         Am  C*
Mariah blow my love to me, I need my gal beside me.
        Am    Em7          F       G7      C     Am  C*
    Mariah, Mariah, they call the wind Mariah
            Am    Em7      F       G7      C    Am C Am C Am C
    Mariah, Mariah, blow my love to me.
