

Waltz Across Texas Tonight Chords by Emmylou Harris

G **D** **G**
The wind can blow cold, it moans and it cries

G **D** **G**
When it carries the sound of a thousand goodbyes

C **G**
But if you listen tonight on that high, lonely plain

G **D** **G**
You'll just hear my voice as it calls out your name

D **G**
You'll just hear my voice as it calls out your name

You've been on a road that just don't seem to end

G **D** **G**
Where that broken old heart of yours won't ever mend

You've crossed over bridges and bridges they burn

G **D** **G**
So many rivers and so much to learn

But the moon is so full, the stars are so bright

And my hand is steady, my touch is light

Look in my eyes, hold on real tight
